

Demonstration of Woodturning by

Arnie Lund

Woodturner from California

Sponsored by Gold Country Woodturners

Wednesday Jan 25th, 6:30 PM to – 9:00 PM at

Nevada City Elks Lodge

518 California Highway 49, Nevada City CA

Arnie Lund— I retired from the prosthetics-orthotics profession after forty years of a successful career. Prosthetics is a combination of skills that are the same for other industries and vocations which I have found the same challenges and rewards learning and perfecting the art of woodturning.

Most of the woods I get comes from the trees that need to come down, old orchards being replaced or trees that have died or too close to homes. Burls, bark and knots add special interest or features in the final turnings that I find fascinating .

Please join Arnie at GCWT Jan monthly meeting as he demonstrates how to work with cubes..."cubeology"

Directions: Take Highway 49 North from downtown Nevada City, towards Downieville. The Elks lodge will be on your left, about 2 miles after making the left turn at

Fish and Chip dinner can be purchased at the Elks Lodge for \$15/person starting at 5:00PM. Call for reservations, 530-265-4920
